PROPOSE TO CURTAIL  
COTTON MANUFACTUREGigantic Movement in Progress  
Throughout Leading Textile  
District of World.

## COST OF MATERIAL BLOMED

Spinners Declare Increase in Price  
Raw Product Has Made Operation  
of Their Plants Unprofitable—Propose to Cut Off 224 Working Hours  
in Ten Months.

(By Associated Press.)

BOSTON, MASS., Oct. 9.—A gigantic movement born of unrest of long standing is in progress throughout the leading cotton textile districts of the world, looking towards a general curtailment of production during the remaining months of this year and in 1910.

The principal reasons advanced for the movement are the gradual increase in the cost of raw material and the failure of the dry goods market to respond in a way which would assure continued profit to manufacture during the next twelve months. In Lancashire the yard spinners have been running their mills on short time for two months and recently many tober English mill owners voted to shut down two days each week until November 8. On September 15, the Arkwright Club of Boston, representing 14,000,000 out of 17,000,000 spindles in New England, sent out to all the cotton mills in this district, which is second in the industry to Lancashire, forms of an agreement for signatures for a curtailment. The investigations of the executive committee of this club convinced it that no difficulty would be experienced in securing the signatures representing seven million spindles.

The proposition calls for the suspension of work for 224 working hours between the date of the agreement and August 1, 1910, to become effective when no less than seven million spindles have been signed up. Reports from different sections of New England indicate that the proposition of the Arkwright Club is meeting with an encouraging response.

Such a curtailment, however, is not likely to become effective in this state in the immediate future, as many of the mills that will sign an agreement will be unable to fill present orders without steady running until well into January.

The Rhode Island and Fall River manufacturers are as a rule willing to curtail production, providing that they are not called upon to withhold good while outside centers continue to run in full.

The curtailment is of great interest in Bedford and other places where the operatives have been refused a restoration of 10 per cent cut in wages made in 1908. It is suggested that if the New Bedford manufacturers are in sympathy with the thirty-day closing movement the effect of a

## Dr. J. S. Leonhardt Found the Cause and Cure of Piles.

Dr. J. S. Leonhardt, the celebrated specialist of Lincoln, Neb., proved, after years of study, that the cause of piles is internal—bad circulation. Then he perfected Hem-Roid, an internal remedy, and in 1,000 different cases it cured 98 per cent. By Dr. Leonhardt's order, Hem-Roid is sold under an iron-clad guarantee. If it fails, the money is paid back. \$1 at A. E. G. Klor, Newport News, Va., or mailed by Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for book-let.

North Carolina Joins In.

The curtailment has also been taken up by the southern cotton mill owners. Yesterday the board of governors of the Cotton Manufacturers' Association in Charlotte, N. C., adopted a resolution setting forth their claim that the present disparity between the price of cotton and cotton goods precluded the possibility of the successful operation of southern mills.

A committee was appointed to formulate a curtailment agreement which every mill in the South will be urged to sign.

In certain cotton producing and selling centers the claim is made that the present curtailment movement is largely an attempt to hold down the price of the staple. The officials of the operatives' unions in several New England cities profess to see in the campaign an attempt to avoid an advance in wages, but the officials of the Arkwright Club deny that the wage question has anything to do with their existing plans.

The cotton mills of New England, including yarn mills, employ upwards of 200,000 hands.

STOCK ROAD CLASSIC RACE  
WON WITH SIMPLEX CAR

George Robinson Goes Two Hundred Miles at Terrific Rate Over Fairmont Park Course.

(By Associated Press.)

PHILADELPHIA, PA., Oct. 9.—Traveling at a terrific rate of speed over the beautiful eight-mile course in Fairmont Park this afternoon George Robinson, the hero of many a classic automobile event, won the 200 mile stock chassis road race in a Simplex car from a field of 21 automobiles handled by some of the most expert drivers in the country. The complete result of the race was as follows: Course 200 miles, 8 miles to a lap, 25 times around.

First prize \$1,000 cup and \$2,500, won by George Robinson in a four cylinder, 90 horse power Simplex. Time 3:38:58.45.

Second prize, \$1,250 won by Bert Dingley, in a four cylinder 40 horse-power Chalmers—Detroit. Time 3:44:20.

Third prize \$750, won by H. L. Harding in a four cylinder 49.2 horse-power Apperson. Time 3:52:17.7-10.

Fourth prize \$500 won by J. Parkins, Jr., in a six cylinder 60 horse-power Chadwick. Time 3:55:31.5.

Fifth place (no prize) Louis Strang, in a four cylinder 40 horse-power Isotta. Time 3:56:54.25.

Robinson seemed to have an easy time with his car all the way, but Bert Dingley, in a Chalmers-Detroit was also going well and the leader was not permitted to let up his pace at any stage of the race.

It is estimated that more than a quarter of a million persons crowded both sides of the eight miles or roadway, said to be one of the most dangerous courses in the country. The weather was perfect for the sport and not a serious accident marred the big race.

E. O. Haines, in an American car struck a telegraph pole on the 8th lap at the dangerous "hair pin" curve at Sweet Briar. He and his mechanic were thrown out, but only slightly hurt. The only other accident reported was when Malin Leinau was approaching the grand stand in an Aene car. A rear wheel flew off, went up in the air and then shot into the stand striking a boy. The youngster was rendered unconscious, but was quickly brought around by a member of the emergency medical corps and was none the worse for the mishap.

The race was run under the auspices of the Quaker City Motor Club, with the official co-operation of the city of Philadelphia and was the second affair of the kind held by the club.

Civic Club to Meet.

The Elizabeth City County Civic Club will hold an important regular meeting in the Pythian castle hall tomorrow evening, when several matters will be attended to.

Five to One Shot Wins.

(By Associated Press.)

BELMONT PARK, N. Y., Oct. 9.—Bello, at 5 to 1, won the Harborside cup for two-year-old jumpers today, defeating Oakhurst, the favorite, by half a length. With Fitz Herbert withdrawn from the Belmont Park weight for age at 21-4 miles, Olambala had practically a walkover. Olambala was held at one to fifty. He log all the way and won easily. Price Imperial and Livonia ran a dead heat in the second race and the purse was divided.

DETROIT WINS SECOND  
GAME BY HARD HITTING

(Continued From First Page.)

nize that the daring play was made. As soon as Willis started to wind up, Cobb started for the plate, and by a daring slide reached the base in time to be with Willis' bewildered throw. Gibson was so surprised that he dropped the ball after Cobb slid in. This scored the third run in the third inning.

Leach was again a star with two two-baggers in his first two times at bat. In the field he played a star game, but his work could do nothing to stem the tide that flowed steadily toward Detroit.

Wagner Still Leads Cobb.

Cobb made his first hit of the series with a single over second in the seventh. Wagner made a hit, ninth. He has made two hits, times at bat, for an average of .333. Cobb has hit safely six times up for an average of .333.

Wagner struck out in the first, Leach on third, but Miller's two ger scored Tommy.

Pittsburg started with a rush. Byrne walked and Leach made a hit to right. Clarke sacrificed to third and Wagner struck out. Leach shot a long hit into the center of the temporary stand in right and completed a circuit of the scoring Leach.

The umpires—Evans and held a conference and trotted out to look at the stand and decided it was a two-bagger under ground rules because the stand was only temporary. Miller was sent back to second base. After that Pittsburg was helpless with the bat.

## Detroit Ties Score.

It was in the second inning that Detroit began to break into the lime-light by scoring two runs. With Crawford and Delehanty out, Moriarty shot a screaming single to left and Tom Jones put another in the same place. Moriarty going to third. Schmidt tied the score by doubling over Leach's head and Moriarty and T. Jones counted.

In the third D. Jones started with a pretty bang along the third base line, which landed him safe. Bush hit safely to left and D. Jones went to second. Cobb then worked the fast weakening Cannitz for a base on balls and the bases were full. Crawford sent a short fly to Clarke, but there was no chance for D. Jones to score, so he did not try.

Detroit went out in order in the fourth, but in the fifth scored two more runs. After Abstein made a remarkable one handed stop of Cobb's bouncer over first, Crawford doubled along the left field foot line. Delehanty drew a pass and Moriarty popped an easy fly to Abstein. T. Jones walked and the bases were full.

Schmidt singled to center, scoring Crawford and Delehanty, but T. Jones was caught trying to reach third. Cobb opened the seventh with a bouncer over second base for his first hit of the series. Crawford was out. Miller to Abstein, and Cobb electrified the crowd by trying to make third on the infield out. There was a close decision at third base and Klem called him out.

A total of 31,114 tickets were sold for the game today, the turnstiles at the field showing that 30,915 persons passed into the grounds. The total receipts from the sale of the tickets were \$41,884.50.

The total for the two games here is as follows:

Tickets sold, 60,691; tickets received, \$118,884.50.

## Danderine

Grows Hair  
and we can  
PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, fills, exfoliates, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows: "When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J. "I have been using Danderine regularly. When first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the
